# How to read the pattern

**round** total number of stitches in the round

Round 3: [sc, inc] x 6 (18)

what stitches to do this round, and how many times

## Note

- The pattern is written using crochet terminology common in the US.
  - The size of the finished piece may vary based on the yarn and the tension of your stitches. The size is about 8 cm.
  - The pattern is written to be knit in rounds.
  - Use a marker to mark the first stitch to avoid getting lost

## Head and Body

- Round 1: 6 sc in MR (6)
- Round 2: [inc] x 6 (12)
- Round 3: [1 sc, inc] x 6 (18)
- Round 4: [2 sc, inc] x 6 (24) [1]
- Round 5 -8: sc in each stitch around (24) [2]
- Round 9: [2 sc, dec] x 6 (18)
- Round 10: [dec, 7 sc] x 2 (16) [3]

Insert eyes between rows 8 and 9, with 5 stitches between them.

If this toy is for a baby or pet, embroider the eyes instead.

- Round 11: In BLO 16 sc (16) [4]

After row 11 you have to see that row of stitches on the surface (the front strands that we did not knit)

Add stuffing

- Round 12: [dec] x 8 (8) [5]

Fasten off with a long tail. To close the remaining gap, use a tapestry needle to sew the yarn tail through the front loops of each stitch in a clockwise order. Hide the remaining wool inside the body of the octopus and cut off the excess. [7]
